

CALTRANS CONSTRUCTION ALERT

Date: April 19, 2012
District: District 12, Orange County
Contact: Office of Public Information
Phone: (949) 724-2000

SR-1 (PACIFIC COAST HIGHWAY), IN AND NEAR NEWPORT BEACH, RUBBERIZED ASPHALT OVERLAY PROJECT TO BEGIN SOON

The California Department of Transportation (Caltrans) will be commencing a project to perform work on a two-mile stretch of work on PCH from School-State Park to Newport Coast Drive, in the City of Newport Beach. The project will begin the last week of April and last through to the Memorial Day Weekend.

The contractor for this project is All American Asphalt. The project will consist of grinding the existing roadway and resurfacing with rubberized asphalt overlay and new striping. Work will be performed in the daytime from 8 am to 4 pm. No work to be performed on weekends. Caltrans will provide any necessary updates to this schedule in advance.

The work is being done to preserve and extend the pavement life to provide a smoother surface that greatly enhances the ride quality along Pacific Coast Highway.

For more information on this project you may contact the District 12 Public Information Office at (949) 724-2000 or log on to the Caltrans website at www.dot.ca.gov/dist12. @CaltransDistrict12

California law requires vehicles to safely reduce speed, move over, and merge into unoccupied lanes when emergency vehicles, construction vehicles, or tow trucks are displaying flashing warning lights.

Caltrans reminds motorists to use extra caution and reduce speeds when driving through construction zones.
